<b>Ease of use</b>  (provide a rating of 1 = very easy to use, 5 = extremely hard to use)	2  Storybird is relatively user-friendly and intuitive to use, even for people with no previous experience. The platform offers a variety of tools and templates that allow users to easily create their own stories. Storybird's ease of use makes it accessible to people of all ages and educational levels.
<b>Price</b>  (put 0 for a free tool)	Storybird offers both a free version and paid subscriptions with extended functions. The costs for the paid subscriptions can vary depending on the functions and duration of use.
<b>Logo of the tool</b>	
<b>Link</b>	<a href="https://storybird.com/">https://storybird.com/</a>

## 5. Twine

<b>Name</b>	Twine
<b>Description (up to 500 characters)</b>	Twine is an open source platform for the creation of interactive stories and text-based games. It allows users to create hypertext stories in which readers can make decisions and influence the course of the plot.
<b>Keywords</b>	Interactive stories, text-based games
<b>Language(s)</b>	English
<b>Best suited for</b>  (name comma-separated tasks that can be achieved with the use of this tool)	Teenagers and young adults: Twine can be an attractive platform for teenagers and young adults who would like to develop creative stories and play interactive games.
<b>Ease of use</b>  (provide a rating of 1 = very easy to use, 5 = extremely hard to use)	2  Twine offers a user-friendly interface and uses a simple markup language that allows non-programmers to create and share interactive stories.
<b>Price</b>  (put 0 for a free tool)	0
<b>Logo of the tool</b>	
<b>Link</b>	<a href="https://twinery.org/">https://twinery.org/</a>

## 6. WeVideo

<b>Name</b>	WeVideo

<b>Description (up to 500 characters)</b>	WeVideo is a cloud-based video editing platform for web, mobile, Windows and MacOS that empowers users to create professional-quality videos with ease. Offering a range of editing tools and collaboration features, WeVideo simplifies the video creation process for individuals and teams.
<b>Keywords</b>	Video editing, Cloud-based, Collaboration
<b>Language(s)</b>	WeVideo is available in multiple languages, including English, Spanish, French, German, Italian, Portuguese, and more, making it accessible to users worldwide.
<b>Best suited for</b>  (name comma-separated tasks that can be achieved with the use of this tool)	WeVideo is ideal for tasks such as creating marketing videos, educational content, social media clips, and personal projects. It caters to a diverse range of users, from students and educators to businesses and content creators.
<b>Ease of use</b>  (provide a rating of 1 = very easy to use, 5 = extremely hard to use)	2  WeVideo offers a user-friendly interface with intuitive drag-and-drop functionality, making it accessible even to beginners. Its straightforward editing tools and extensive library of templates and stock media further enhance usability.
<b>Price</b>  (put 0 for a free tool)	WeVideo offers various pricing plans, including a free version with limited features and paid subscriptions starting at \$4.99 per month. Pricing depends on factors such as storage capacity, video quality, and collaboration options.
<b>Logo of the tool</b>	 The logo for WeVideo features the word "wevideo" in a lowercase, sans-serif font. The "w" is stylized with a teal, rounded, triangular shape that tapers to a point on the left side, while the rest of the letters are in a standard black font.
<b>Link</b>	<a href="https://www.wevideo.com/">https://www.wevideo.com/</a>

## 7. Toonly

<b>Name</b>	Toonly
<b>Description (up to 500 characters)</b>	Toonly is a user-friendly animation software designed for creating engaging and professional animated videos without the need for extensive technical skills. With a vast library of characters, props, and backgrounds, Toonly enables users to bring their stories to life through customizable animations.
<b>Keywords</b>	Animation, User-friendly, Customizable
<b>Language(s)</b>	Toonly is primarily available in English, catering to a global audience.
<b>Best suited for</b>  (name comma-separated tasks that can be achieved with the use of this tool)	Toonly is best suited for tasks such as creating explainer videos, animated presentations, and promotional content. It is widely used by businesses, educators, and marketers to convey information in a visually appealing and engaging manner.
<b>Ease of use</b>  (provide a rating of 1 = very easy to use, 5 = extremely hard to use)	1  Toonly offers a simple and intuitive interface with drag-and-drop functionality, allowing users to create animations effortlessly. Its pre-made templates and ready-to-use assets streamline the animation process, making it accessible to users with varying levels of experience.
<b>Price</b>  (put 0 for a free tool)	Toonly operates on a subscription-based model, with pricing starting at \$39 per month for the standard plan. There is no free version available, but Toonly offers a 30-day money-back guarantee for new users.

<b>Logo of the tool</b>		
<b>Link</b>	<a href="https://www.voomly.com/toonly">https://www.voomly.com/toonly</a>	

## 8. StoryMapJS

<b>Name</b>	<b>StoryMapJS</b>
<b>Description (up to 500 characters)</b>	StoryMapJS is a web-based tool for creating interactive, multimedia-rich story maps that combine maps, images, videos, and narrative text to tell compelling stories. It offers a user-friendly interface and customization options to craft immersive digital narratives.
<b>Keywords</b>	Interactive, Multimedia, Storytelling
<b>Language(s)</b>	StoryMapJS primarily supports English, but users can create content in any language by inputting their own text and media.
<b>Best suited for</b>  (name comma-separated tasks that can be achieved with the use of this tool)	StoryMapJS is ideal for creating interactive storytelling experiences, educational presentations, historical tours, and geographical narratives. It is commonly used by educators, journalists, museums, and organisations to engage audiences with spatially-oriented content.
<b>Ease of use</b>	2

<p>(provide a rating of 1 = very easy to use, 5 = extremely hard to use)</p>	
	StoryMapJS provides intuitive tools for creating and editing story maps, with straightforward features for adding content and configuring map settings. While some familiarity with map-based interfaces may be beneficial, users without technical expertise can still create compelling narratives with ease.
<b>Price</b>  (put 0 for a free tool)	StoryMapJS is free to use for individuals and organisations, with no subscription fees or premium versions. Users can access all features and resources without any cost, making it accessible to a wide range of users.
<b>Logo of the tool</b>	
<b>Link</b>	<a href="https://storymap.knightlab.com/">https://storymap.knightlab.com/</a>

## 9. Animoto

<b>Name</b>	<b>Animoto</b>
<b>Description (up to 500 characters)</b>	Animoto is a cloud-based video creation platform that enables users to easily produce professional-quality videos using customizable templates, music, and multimedia content. It simplifies the video creation process for individuals and businesses, offering tools for creating marketing videos, slideshows, and more.

<b>Keywords</b>	Video creation, Templates, Multimedia
